

**TOOL TRACKING SYSTEM  
MOBILE APP INSTALLATION**

## TTS MOBILE PHONE APPLICATION SETUP

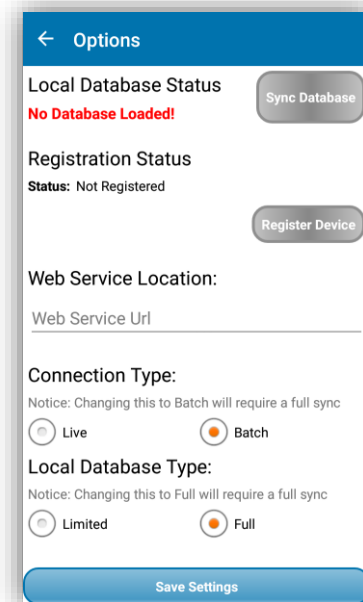

### INSTALL GIGATRAK PHONE APPLICATION

The mobile application can be downloaded and installed from the Google Play Store.

### SETUP THE DEVICE

The first time you open the application after installing, it will bring you straight to the Options page. From this page, you can enter the web address of your service that was provided to you in your Order Acknowledgement email. Please note that the service entered must have the leading <http://> or <https://>. Once you have entered the service address, please be sure to save your settings. **You will not be able to register your device until the Web Service has been entered and saved.**

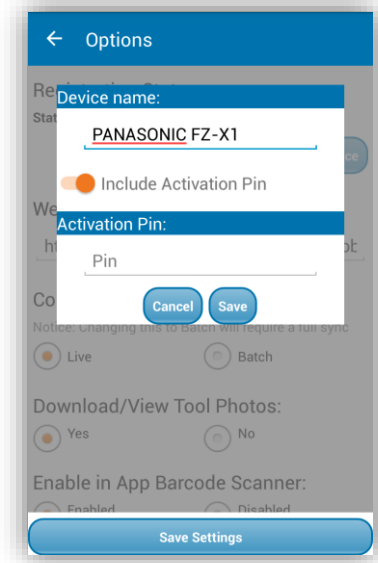

---

## REGISTERING THE DEVICE

To register your device, select “Register Device.” Here you will enter the name you wish for your device to show up with and you’re Activation Pin, if you have it.

Once your device is registered, you will be able to sync your database. If no open licenses are available or the Activation Pin was not entered, the device will be registered but set to Inactive. To sync your database, press the Sync Database button on the options screen while connected to the internet. Please note that if you are using mobile data, data rates may apply.

## OTHER INFORMATION

If you are using the in application scanner on the Android, you will need to have a barcode scanning application installed on your device. We suggest using the free barcode scanning app by the name of Barcode Scanner by ZXing Team.

## SUPPORT

GigaTrak provides telephone/email support for your Tool Tracking System during the span of your agreement. Our hours are 9 AM to 5 PM Central Standard Time, Monday-Friday. During this time, you are entitled to any updates or new releases issued by GigaTrak. Onsite training is available at additional cost. Please call 262-657-5500 extension 2 with any questions or [support@gigatrak.com](mailto:support@gigatrak.com)

To inquire or purchase more App user licenses, please contact our Sales Team at 262-657-5500 ext. 1 or [sales@gigatrak.com](mailto:sales@gigatrak.com)
