

**GIGATRAK
TOOL TRACKING
CLOUD SETUP**

Thank you for purchasing GigaTrak Tool Tracking Cloud System Software!

To access the Gigatrak Cloud application, you will have to download your RDP link to the Tool Tracking System. To get started, click the following link and proceed with the instructions below.

Portal to Applications: <http://portal.gigatrak.cloud>

Instructions:

The first step is to download the RDP link via a web browser. Log into <http://portal.gigatrak.cloud> with the credentials provided below, then follow the instructions for your browser.

If you are using Chrome:

1. Click on the Explorer icon to download the File Explorer RDP Link.
2. Go to your Downloads folder and rename the link to **GigaTrak Cloud File Browser**.
3. Click on the Tool Tracking System icon to download the TTS RDP Link.
4. Go to your Downloads folder and rename the link to **GigaTrak Tool Tracking System**.
5. Launch the application by opening the appropriate link, clicking Connect, then logging in with the login credentials provided below.

If you are using Firefox:

1. Click on the Explorer icon. Select 'Save File' to save a copy of the File Explorer RDP Link.
2. Go to your Downloads folder and rename the link to **GigaTrak Cloud File Browser**.
3. Click on the Tool Tracking System icon. Select 'Save File' to save a copy of the TTS RDP Link.
4. Go to your Downloads folder and rename the link to **GigaTrak Tool Tracking System**.
5. Launch the application by opening the appropriate link, clicking Connect, then logging in with the login credentials provided below.
6. Alternatively, you can Launch the application directly by selecting 'Open With' instead of 'Save File' when clicking a link.

If you are using Internet Explorer:

1. Click on the Explorer icon. Select 'Save' to save a copy of the File Explorer RDP Link.
2. Go to your Downloads folder and rename the link to **GigaTrak Cloud File Browser**.
3. Click on the Tool Tracking System icon. Select 'Save' to save a copy of the TTS RDP Link.
4. Go to your Downloads folder and rename the link to **GigaTrak Tool Tracking System**.
5. Launch the application by opening the appropriate link, clicking Connect, then logging in with the login credentials provided below.
6. Alternatively, you can Launch the application directly by selecting 'Open' instead of 'Save' when clicking a link.

If the files are opening automatically, please [click here](#) for additional instructions. Follow the provided instructions for your specified web browser and try downloading the links again. If you have followed these steps and you are still unable to download the RDP link, a registry change is required. Consider using a different web browser to download the RDP link.

Use the credentials provided in your “Order Acknowledgement – PC” email to login to the RDP portal.

Example:

Login Credentials: (Note: the gt\ is required when logging in. Password can be changed on Portal page before logging in.)

Login Name: **gt\GiGA123**

Password: **Hg8241R**

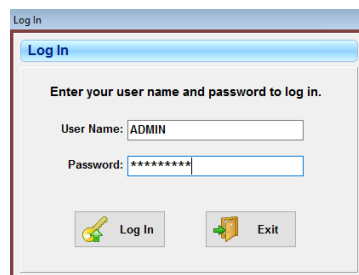

The screenshot shows the GigaTrak Cloud Services Portal login interface. At the top, there is a header with the GigaTrak logo and the text "GigaTrak Cloud Services Portal" and "Asset Tracking and Management". A "GigaTrak Hosted Apps" link is visible in the top right corner. Below the header, there is a "Help" link. The main content area contains a login form with two input fields: "User Name" containing "gt\GiGA123" and "Password" containing "Hg8241R". A "Click here" link is provided for password reset. Below the form, there is a "Security" warning: "Warning: By logging in to this web page, you confirm that this computer complies with your organization's security policy." A "Sign in" button is located below the warning. At the bottom of the page, there is a footer with "Windows Server 2016" on the left and "Microsoft" on the right.

Once logged in to the RDP portal, you will be presented with the security logon screen for the Tool Tracking System. Here you can enter the following credentials:

Username – Admin

Password - ADMINUSER

The screenshot shows a "Log In" dialog box for the Tool Tracking System. The dialog has a title bar that says "Log In" and a subtitle "Log In". The main text reads "Enter your user name and password to log in." Below this, there are two input fields: "User Name" containing "ADMIN" and "Password" containing "ADMINUSER". At the bottom of the dialog, there are two buttons: "Log In" with a key icon and "Exit" with a door icon.
